MANTENENCIAS® GRUPO GODERI S.L. is a company specialized in maintenance and administration of fire prevention systems for companies and neighboring communities as well as administration of low tension installations (maintenance, repair, legal requirements...). With the goal to satisfy the needs and expectations of our clientes, we have implemented a Quality Management System based on ISO 9001:2015 in order to comply with applicable legislation and regulations. From our beginning, our objective is to perform work with the safety and professionalism our clientes deserve and to achieve that we

- ✓ Offer our clients solutions customized to their needs and expectations,
- ✓ Incorporate continuous improvement to the management of our processes and the efficiency of the management system.
- ✓ Organize a motivated and professional team that actively participates in the completion of assigned tasks with the highest level of safety and specialization.
- ✓ To help our clients to solve any situation related with the fire safety of their installations and low tension equipment

MANTENENCIAS® GRUPO GODERI S.L. has established aligned objectives to this policy so that its delivery facilitates the system's improvement and evolution. This Quality Policy is revised periodically and is communicated with all personnel, and third parties, published and signed by management as evidence of our commitment to quality and continuous improvement.
